Certeon to Present at Annual ARMA Conference and Expo

WHO: Shawn Cooney, Founder and Director of Research, Certeon

WHAT: Panel Discussion on Privacy and Information Management in a Digital Age

WHEN: Tuesday, October 9, 2007 from 10:00 a.m. – 11:15 a.m. ET

WHERE: ARMA Conference and Expo in Baltimore, Md.

BURLINGTON, Mass. – October 4, 2007 – [Certeon](#), the industry's only vendor to securely accelerate mission-critical applications over wide area networks (WANs), today announces that Founder and Director of Research Shawn Cooney will be presenting at ARMA International's 52nd annual conference and expo at the Baltimore Convention Center in Baltimore, Md.

At 10:00 a.m. ET on Tuesday, October 9, Cooney will participate in a panel discussion on the privacy and management of information in a digital age. The panel will address the steps organizations are taking to ensure information security, and what tools are available for safeguarding sensitive data.

ARMA International is a not-for-profit professional association, and the authority on managing records and information, both paper and electronic. This international conference is focused on providing attendees with new and better ways to manage organizations' information by showcasing real solutions, best practices and technology tools. Register for the conference here:

About Certeon

Certeon's S-Series Application Acceleration Appliances provide the industry's only solution with Application Intelligent Networking to deliver application acceleration, security and scalability from the desktop to the data center. Certeon's patent-pending S-Series appliances accelerate all WAN traffic and are optimized for distributed content delivery and collaboration applications such as: enterprise content management, work flow and process management, Web portals and search. S-Series appliances are the only solution to securely accelerate encrypted traffic (SSL) with the same performance improvements as unencrypted traffic. The appliances minimize network traffic to significantly improve application response times, while maintaining end-to-end security. Founded in 2003, Certeon is a private company, headquartered in Burlington, Massachusetts with European offices in The Netherlands. For more information, visit www.certeon.com or call 781-425-5200.
